

In addition to collecting and distributing remuneration on behalf of our own members, BONO is authorized by the Ministry of Culture and the Norwegian Industrial Property Office to collect and distribute remuneration also on behalf of national and foreign NON-members. Normally BONO rely on our foreign sister-societies to distribute remuneration for foreign non-members. If this however is not possible, we need to obtain the necessary information that is required to distribute the remuneration, directly from the artist or rightholder.

Lists with names of non-members where we do not have the required information to make payments, are published on our webpages. If you see your name, or the name to whose works you are the rightholder, please contact us to check if you have outstanding remuneration.
